MEMORANDUM FOR: Deputy Director for Intelligence  
FROM: Deputy Director of Central Intelligence  
SUBJECT: Technology Transfer

At the request of the National Security Advisor, I have asked the DDO to increase its collection on the technology transfer issue, making it a high priority in the operational directives given to stations that can have impact on that requirement. If successful this will result in increased intelligence information for analysis and DDI should be prepared to handle it, with additional resources diverted if necessary.
